First, an inventory of what I've made, and kept, since MFA (or college?).

Then, put it *all* up on a website, advertise it for sale, sell *all* of it.

Somewhere in there is a discussion about how all this stuff got made, why I'm questioning it (all that busy-ness), and anything else that establishes this as an opening, revealing, relinquishing.

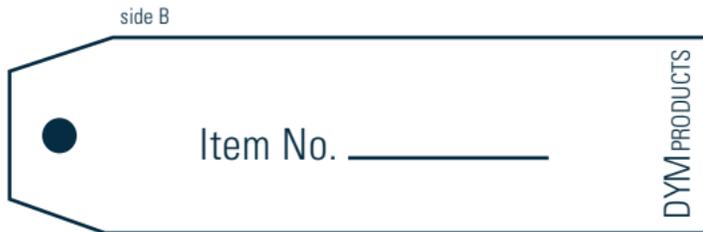

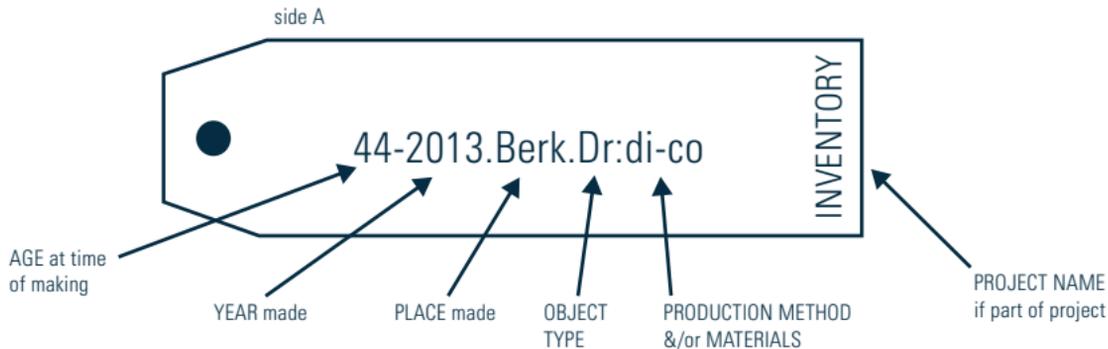

Is there a consequence if an item doesn't sell within a set period of time?  
(Take a vote.)

Item number refers to the order in which the item was cataloged.
